PREAMBLE

PT. Reven Global Airtranspor (RGA) is a distinguished Indonesian fixed-wing air operator dedicated to delivering safe, reliable, and efficient air transport services across the nation. As a GOLD BARS–certified operator, we uphold the highest international standards of aviation safety and operational excellence.

Driven by experience and integrity, RGA is built upon the collective expertise of seasoned pilots, licensed engineers, and committed aviation professionals. Together, we pursue a single mission — to ensure every flight reflects the utmost precision, safety, and trust that define our operations.

For more than 14 years, RGA has proudly maintained an annual contract with PT Freeport Indonesia, a long-standing partnership that demonstrates our capability, reliability, and operational consistency. This enduring relationship highlights our reputation as a trusted aviation partner within Indonesia’s challenging and diverse operating environments.

With over 19 years of professional aviation experience, RGA continues to advance as a progressive and service-oriented organization, providing comprehensive air transport solutions that strengthen regional connectivity and stimulate economic growth — particularly in Papua and eastern Indonesia. Our commitment is to deliver world-class performance, competitive value, and operational excellence on every mission we undertake.

Integrity, professionalism, and trust form the foundation of our corporate philosophy. Whether serving isolated airstrips, short runways, or high-altitude mountain regions, RGA remains steadfast in its goal: to connect communities, support industries, and enable development through safe and dependable aviation services.

Operating from our main base at Mozes Kilangin Airport, Timika – Papua, Indonesia, RGA’s fleet of four Cessna 208B Grand Caravans provides both passenger and cargo transportation, linking urban centers with remote areas and ensuring vital logistical access across Indonesia’s vast archipelago.
